

1) It is raining & you are looking out of a window from your living room. The window is a wooden panel window with horizontal grills. You can see a playground with play equipment. Some children are playing in the sand & some kids are playing with paper boats in puddles. Beyond the playground, there is a tea shop & a hospital. Draw the view using your imagination. (40)

2) Draw a composition with 5 geometric shapes such as \bigcirc , \triangle , \square , \square and \diamond . Each of the shape is to be used at ~~least~~ least once. The composition is to be coloured using a medium of your choice. (40)
